Eye of the Storm

September 29, 2025

Mike's Message

Welcome to the new school year. We would like to let our families know that we are here to support you and work with you to ensure the success of all our students. It was wonderful to see all of the smiling faces of our grade 1-9 students that were returning as well as meeting our new youngest students in Kindergarten. September is always a busy month as teachers and students learn new routines and expectations. It is a great month for our staff to build strong and meaningful relationships with all of our students. This month saw a welcome back pancake breakfast which was provided by our great parent association. Then we had the Meet the Staff BBQ sponsored by Pembina Pipelines. We had a great turnout and beautiful weather!

This year our focus as seen in our School Action Plan is to help our students improve in literacy with an emphasis on reading comprehension using imaging and inferring. Our numeracy focus will be improving fact fluency as this is a base for all mathematics. Our third goal is in the area of attendance. Regular attendance, which includes arriving on time, contributes to students having success in their academics. When we maximize attendance we maximize learning opportunities and student success. Positive and productive communication is key to ensuring that all stakeholders are on the same page about educational importance and elements that are supporting or impeding a student's achievement. When a student misses a day, they fall behind, they miss a prerequisite skill that builds towards the next skill. Absence creates a gap, and this gap interrupts the flow of learning for your child.

As always we are thankful for your support and welcome any questions or thoughts you may have. Please feel free to contact myself or any of our teachers by email or phone. My email is mike.tavaroli@ngps.ca and the school phone is 780-785-3431.

Morning Calendar

Kindergarten/Grade 1

It has been a fantastic start to the 2025/26 year! We have been busy meeting all our new friends in class and on the playground. This year, we are so lucky to have grade six buddies come to read with us on our Kindergarten days!

GRADE 2/3

SEPTEMBER
2025

What We are Learning

LA

Firstly, we learned how important it is to be true to who you are with our first book. Be yourself. Students are also discovering about how we behave in school. It's important to listen well, be thoughtful and especially, kind. How can we act to make our community the best it can be? We are also learning about each other's summer memories. Soon we will be starting a new reading unit!

Math

Students are learning number patterns. We have been practicing skip counting and using number lines to aid us in our understanding of how to find specific patterns within addition and subtraction puzzles.

Science and Social Studies

We have learned about natural vs artificial materials as well as properties of materials and what we can use materials to make. We have also learned about Canadian provinces and territories.

Upcoming Events

- October 2nd and 3rd – Morning Swim in Barhead
- October 20th – Little Caesar Fundraiser Delivery
- October 22nd and 23rd – Parent Teacher Interviews

GR 4-5 Newsletter

Welcome Back To School!

Hello again, Mrs. Erickson here
I am so excited to be your child's Gr. 4 - Gr. 5 teacher this year.
I'm looking forward to working together with lots of laughter and learning this year!

Math
This month we have been focusing on place value and our fact fluency. Please try to work on math facts at home daily.

We've had an exciting first month
We are all getting back in the swing of things; learning routines, expectations, and procedures.

Parents, Please do not forget
to sign up for our class Remind 101
Please email me jennifer.erickson@ngps.ca
for Remind 101 instructions

What We Learned

LA

We have been working hard on improving our writing, listening to Adventure's Wanted and discussing our predictions and the images we are creating in our minds. Have also started our spelling and grammar work.

Patterns in Math

We started the month off with review and then jumped into patterns and algebra. Students have also been working on 180 days of math which is a spiral math program.

Science

We completed our Scientific Method Unit and have been working hard on learning about Matter.

Social

We started the year off with an intro into democracy and have been learning about rights and responsibilities as well as equality and equity.

Reminders

Library will be on Mondays.

Spelling test will happen most Fridays. Students will know at the beginning of the week when the test will be.

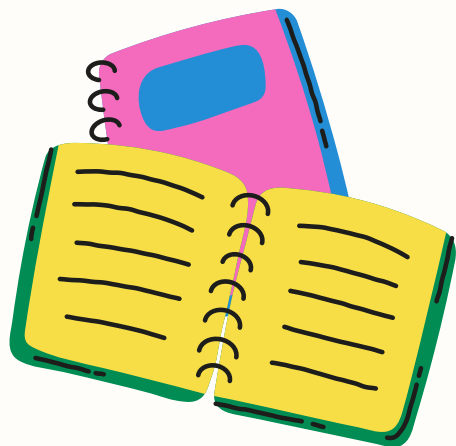

Upcoming Events

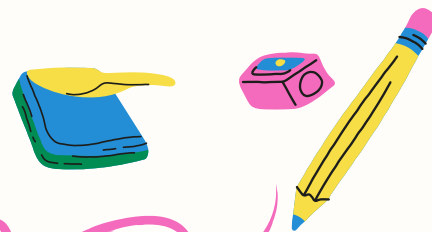

- Swimming Oct. 1st
- No School: October 10-13
- Thanksgiving: Oct. 13
- Picture Retakes: Oct. 23
- Halloween: October 31

Classroom News

This month in Jr. High

We have had such a great start to the school year. Students are thoroughly underway in their course content. New this year to junior high is a novel study course. Students will be split into groups over the year and will have a chance to read a variety of novels. The first novel, *Touching Spirit Bear*, everyone in junior high is reading together. This year students are also moving classrooms rather than the teachers moving rooms. This has been an adjustment for students as it requires them to be more organized with their school supplies.

Options are underway and students were able to choose between three different options: Foods, Sewing, and P.E. Games. All students received their first or second choice. If students would like to see a different option offered in the next session, they are encouraged to talk to any of their teachers to see if it could be made available.
